About

I am currently set up in Bangalore. And most of my upbringing was in Melattur – a small town in Kerala. I completed my BFA degree from College of Fine Arts Trivandrum. In my 9 years as a professional, I have experience as an Illustrator, Art Director, and Designer. And the work that I enjoy the most is one that gets me thinking from all three perspectives. My personal work, much like me, shares a bond with nature, be it on digital, or on traditional mediums. If my imagination captures yours, reach out to me, let's talk. :)

Work Experience

January 2010 | Bangalore (Current) **Happy McGarryBowen** Creative Controller - Design
